Statements in this release that are not strictly historical, including statements regarding events or developments that we believe or anticipate will or may occur in the future, may be "forward-looking" statements. There are a number of important factors that could cause actual events to differ materially from those suggested or indicated by such forward-looking statements. These factors include, among other things, litigation and other contingent liabilities, the Company's ability to achieve projected efficiencies, cost reductions, sales growth and earnings, economic conditions in the end-markets the Company sells into, the Company's ability to expand its business in new geographic markets, commodity costs and surcharges, competition, market demand for new products, currency exchange rates, the integration of acquired businesses, changes in the market for acquisitions and divestitures, regulatory approvals and the Company's ability to consummate announced acquisitions, and general economic conditions. Additional information regarding the factors that may cause actual results to differ materially from these forward-looking statements is available in our SEC filings. These forward-looking statements speak only as of the date of this release and the Company disclaims any duty to update any forward-looking statement.
