

Danaher Completes Acquisition of AB SCIEX and Molecular Devices

PRNewswire-FirstCall
WASHINGTON

Danaher Corporation announced today that it has completed the previously announced acquisition of AB SCIEX and Molecular Devices. AB SCIEX is a leading designer and manufacturer of mass spectrometers, highly sensitive and sophisticated instruments used by researchers and clinicians to identify and quantify specific molecules in complex samples. Molecular Devices supplies high-performance bio-analytical instrumentation systems and consumables that accelerate and improve research productivity and effectiveness in life science research and drug discovery.

Danaher is a diversified technology leader that designs, manufactures, and markets innovative products and services to professional, medical, industrial, and commercial customers. Our portfolio of premier brands is among the most highly recognized in each of the markets we serve. Driven by a foundation provided by the Danaher Business System, our 47,000 associates serve customers in more than 125 countries and generated \$11.2 billion of revenue in 2009. For more information please visit our website: www.danaher.com.
