

Danaher Announces Pricing of Public Offering of its Common Stock

Washington, D.C., June 14, 2011 - Danaher Corporation (NYSE:DHR) announced today that it has set the price for its public offering of 17,500,000 shares of common stock, par value \$0.01 per share, at a price to the public of \$51.75 per share. Danaher has granted the underwriters a 30-day option to purchase up to an additional 1,750,000 shares of common stock.

Danaher expects to receive net proceeds, after expenses and the underwriters' discount and assuming the underwriters' option is not exercised, of approximately \$877.4 million. Danaher anticipates using the net proceeds from the offering to pay a portion of the purchase price of the previously announced acquisition of Beckman Coulter, Inc. and for general corporate purposes if any proceeds remain or if the proposed acquisition does not close. The offering is expected to close on June 21, 2011.

Citi, Morgan Stanley & Co. LLC, Barclays Capital Inc. and UBS Securities LLC are acting as joint book-running managers for the offering. Baird, Jefferies & Company, Inc., Banca IMI, Mitsubishi UFJ Securities and Wells Fargo Securities are acting as co-managers.

The public offering is being made pursuant to an effective shelf registration statement on file with the U.S. Securities and Exchange Commission.

The offering of common stock may be made only by means of a prospectus and prospectus supplement.
